Petitions to revive under 37 CFR 1.137(a) or (b), or requests to withdraw the holding of abandonment under 37 CFR 1.181, should be promptly filed to minimize any negative effects on patent term.

Item 7 - Other reasons for holding abandonment: MPEP 2114.06 states: I. NO CLAIMS STAND ALLOWED: The proceedings in an application or ex parte reexamination proceeding are terminated as of the date of the expiration of the time for filing court action. The application is no longer considered as pending. It is to be stamped abandoned and sent to abandoned files. In an ex parte reexamination proceeding, a reexamination certificate should be issued under 37 CFR 1.570.

Claims indicated as allowable prior to appeal except for their dependency from rejected claims will be treated as if they were rejected. The following examples illustrate the appropriate approach to be taken by the examiner in various situations:

(A) If claims 1-2 are pending, and the Board affirms a rejection of claim 1 and claim 2 was objected to prior to appeal as being allowable except for its dependency from claim 1, the examiner should hold the application abandoned.
